Mobile Access

Once you have completed registration, you can install the UpToDate mobile app on up to two devices.

1. On your smartphone or tablet, search for the free "UpToDate" application in the app store and proceed with the installation.

2. Once the download is complete, open the UpToDate mobile app.

3. Log in with your UpToDate credentials. This step is only necessary the first time; the application will automatically retrieve your username and password for subsequent logins.

Accessing UpToDate remotely

- In addition to the mobile app, you can access UpToDate from any computer with Internet access.
- Simply go to http://www.uptodate.com/online and click on the "Log in" button located in the upper right corner of the UpToDate home page and enter your credentials (username and password).

Maintaining access

- To maintain uninterrupted access to UpToDate, you must demonstrate membership in the UpToDate-subscribing university at least every 90 days.
- To do this, log in to UpToDate with your personal credentials (username and password) by connecting to https://www.uptodate.com/login from a computer on the university network (or wi-fi or Proxy).

Note: Email and in-app messages will notify you that you need to verify your facility membership if you have not done so by day 80. You will receive a second notice on day 90. If you do not re-verify by day 90, you will lose your mobile and remote access. To regain access, simply log in to UpToDate with your credentials (username and password) while connected to your hospital or facility network.
