

**AUTHORITATIVE, PRACTICAL, RELIABLE
CONTENT, NOW EASIER TO ACCESS
THAN EVER BEFORE.**

eBooks From One of the Most Highly Regarded Publishers in High Technology

For more than 40 years, Artech House has been the “go-to” publisher for engineers and managers in communications, microwave, radar, electronic defense, antennas, GNSS/GPS, computing, microtechnology, and other high-tech fields. Featuring some of the most well-known authors in the field, Artech is known for top-quality content with an emphasis on practical, problem-solving applications. Artech Access includes our most popular recent titles as well as classics explaining the critical fundamentals that continue to be relied upon day-in and day-out.

Part of the Horizon House Publications family (publisher of the esteemed *Microwave Journal*), Artech House has offices in Boston and London.

WHY YOUR COMPANY NEEDS ARTECH ACCESS...

Engineering time is expensive and mistakes are costly. Artech Access lets your technical staff spend more time developing and perfecting their projects, and less time searching for the information and answers they need. More than just a collection of hundreds of eBooks, Artech Access provides engineers, scientists, and students with a convenient, easy-to-use platform for finding essential facts, theorems, and practical examples — in minutes, not hours.

Artech Access lets your technical staff:

- Quickly search nearly 500 new, recent, and classic titles – over 150,000 pages of peer-reviewed content.
- Brush up on important fundamentals.
- Get up-to-speed on the latest developments in your field.
- Find illustrations, practical examples, and tested, reliable solutions to immediate problems.
- Tap into the newest published titles authored by accomplished professionals, vetted by specialists, and unavailable through other eBook databases.

IMPROVE PRODUCTIVITY...

Simultaneous access allows users throughout the company to take advantage of the entire database at any time.

Engineers move around, so should their information. Content can be read online or downloaded to portable devices.

Trusted, quality information at your technical staffs' fingertips cuts time spent searching library stacks or sorting through unverified internet sources.

CHOOSE FROM NEARLY 500 eBOOK TITLES IN:

Microwave • Radar • Antennas

GPS/GNSS • Electronic Defense

MEMS & Nanotechnology

Software Development & Security

Communications Engineering

And More!

Select the titles or categories you want, or the entire collection! Includes classic titles and recent releases from one of the most highly regarded publishers in high technology.

COST-EFFECTIVE AND EASY-TO-USE!

- Features convenient copy, paste, and print capabilities, ensuring even greater access to information where and when it's needed.
- Includes highlight, bookmark, and notes features to save valuable time on current projects and provide quick reference in the future.
- Provides speedy search functions to help users find the most relevant titles; full-text advanced searches to pinpoint needed information in selected eBooks.

CONVENIENT AND FLEXIBLE!

- Both subscription and perpetual access license options that fit within your budget.
- Flexible, multi-tiered title packages – choose our nearly 500 title collection, 150 titles, or 100 titles that are a custom match for your company or library needs.
- eBooks are transferable to any reading device that can host Adobe Digital Editions software.
- Risk-free trial subscriptions allow you to experience the convenient benefits of Artech Access and the depth and variety of the Artech House title list.
